

HOW TO SET UP A CARRIER

Most rabbits do not like traveling, so making sure they are safe and comfortable is important.

	<p>Carrier</p> <p>Find a carrier that is appropriate for your rabbit's size. We recommend hard plastic carriers as your rabbit cannot chew through them, and they are nice and sturdy.</p>
	<p>Newspaper</p> <p>Place a thick section of newspaper flat on the bottom of the carrier. The newspaper will act as an anchor for the towel, and keep the towel from slipping around the carrier.</p>
	<p>Towel</p> <p>A bath -sized towel folded up should sit on top of the newspaper, which will anchor your rabbit. This creates a comfy mattress so your rabbit is not sliding around all over the place.</p>

TIP: Have your carrier set up and ready to go in case of an emergency.
